To start the application process, select your course on the [application page](#) and follow the instructions. If anything about the process is unclear, please don't hesitate to send a message or give us a ring. We like to chat.

#### Upload your monologue

Select one of the monologue texts from the application form and record a video of your performance.

#### PROBLEMS?

If you don't feel confident enough about your acting skills and cannot complete this task, we encourage you to sign up for our 4-week short course!

#### Answer survey questions and attach your qualification

The survey on the application form will tell you what document you need to provide, but below is a breakdown of what is requested depending on your experience.

#### A-LEVELS certificate

or equivalent...

You should be 18 or over when you start your course AND have completed your formal schooling. If you're still in school you can apply with your current transcript and send us your certificate when you receive it.

Suitable certificates include: A Level, Baccalaureate, International Baccalaureate, Abitur, BTEC National Diploma, GED (high school diploma), Scottish Highers, Diploma di Maturità, di Esame di Stato, Título de Bachillerato or other equivalents.

For this category you must be at least 21 years old. Because you have no formal academic qualification, you must be able to send a detailed CV of what you've been doing in the course subject you are applying for.

#### Complete a task

If you have no formal academic qualification and you are also unable to provide a detailed CV of relevant work experience - you can still join the course by completing a task or else joining our 4-week Ignition short course.

In order to study with us, you must have legal permission to be in Germany for the length of your programme.

- 3-YR BA & 1-YR MA courses  
These are officially recognised by the German authorities and qualify for the German Study Visa. Non-EU students studying on these courses can extend their residence permit for up to 18 months to find work relating to their studies after graduating. When you complete the admissions process we will provide you the necessary documents for your student visa application.

- 1-YR HE certificate courses  
Citizens of Australia, New Zealand, Japan, the Republic of Korea, Taiwan, Hong Kong, Israel, Chile, Brazil (aged between 18 - 30) may apply for the Work and Travel Visa/Working holiday program.

- 4-WK SHORT COURSE  
You'll need a tourist visa to attend this course.

#### VISA / FUNDING APPLICANTS - ENROLMENT FEE PAYMENT

Your place on the course can be confirmed only after we receive the enrolment fee payment. We advise people who are applying for a visa or for funding, to refrain from paying the enrolment fee until they are confident their other application will be successful.

This creates a vicious circle of sorts; we are aware of this. We notify applicants in this situation when the course they are applying for is reaching capacity. This gives them a chance to decide if they want to take a risk and pay the enrolment fee before securing their visa / funding. If you are told by the embassy you must have Unconditional Acceptance, then you will have to pay the enrolment fee.

### 2 Resubmit monologue

After reviewing your recording, our course leader Adam will send you feedback and directions on how to improve your performance. You will be asked to record another version of the monologue in which you take these comments into account. This feedback cycle may take place a couple times.

### 3 Schedule an interview

Adam will propose a date for an online interview.

### 4 Wait for our answer

Before offering you a place we want to make sure that your motivation and expectations align with what we offer. Our admissions team will consider all the information listed above before making their decision. We'll be as quick as we can!

### 5 Receive an Offer Letter

If your application is approved you will receive an offer letter with an invoice for the €750 enrolment fee.

#### DO YOU NEED A VISA / FUNDING TO JOIN US?
